**FISCA RECOGNIZES RICHARD KLEIN AS ITS
FINANCIAL SERVICE PROVIDER OF THE YEAR**

Washington, D.C., October 21, 2013 – At its 25th Annual Conference & Exposition, held in Marco Island, FL, Financial Service Centers of America (FiSCA) recognized Richard Klein, President of Garden State Check Cashing and Connecticut State Check Cashing, as the recipient of the William Siegel Financial Service Provider of the Year Award. This is the 23rd year FiSCA has presented this award to a leader in the financial service center industry.

Klein was recognized for his commitment, vigor, and selfless dedication to FiSCA and the industry throughout the years. He was among the founders of FiSCA, originally the National Check Casher's Association, in 1987, and has served on the board of directors since. During that time, he has worked tirelessly on various issues, helping significantly to propel FiSCA to where it is today.

Remarking on this year's announcement, Bill Sellery, FiSCA's Executive Director, said: "Richie is passionate about the industry and embodies the true spirit of this award. He is one of our industry's finest ambassadors."

In addition to his position as the President of Garden State Check Cashing and Connecticut State Check Cashing, Klein also leads the New Jersey State Association.

###

The Financial Service Centers of America (FiSCA) is the leading professional trade association representing the financial service center industry serving communities throughout the country. More than 35 million Americans visit our member locations each year to receive a wide array of financial services, including check cashing, money orders, money transfers, and small dollar short-term loans.
